25X1

| 1.   - JGO) Met with Mr. Bun Bray, Associate   | <b>)</b>    |
|--|-------------|
| Staff Director, House Committee on Post Office and Civil Service.                        |             |
| Mr. Bray showed me Chairman Rivers' letter to Chairman Henderson                         |             |
| and Chairman Henderson's reply. In his reply Chairman Henderson                          |             |
| stated that he would bring Chairman Rivers' letter to the attention of                   |             |
| the Manpower and Civil Service Subcommittee. He also stated that he                      |             |
| feels the "agencies" (presumably CIA and $\overline{\text{NSA}}$ ) should be exempt from |             |
| the provisions of the bill. Mr. Bray said that he talked to Mr. Hampton,                 |             |
| Chairman, Civil Service Commission, yesterday afternoon and learned                      |             |
| that the Administration would like the Committee to hold hearings on                     |             |
| the bill. Separately, Chairman Henderson has scheduled a meeting of                      |             |
| the Committee for Wednesday morning, 8 July, to consider what action                     |             |
| the Committee will take on S. 782,   |             |
|  | 25X1        |
| 2. GLC) Received a call from Dean Hart,  | in the      |
| office of Senator Mike Mansfield (D., Mont.), concerning                                 |             |
| a former contract employee of the Agency. Senator Mansfield has                          | received    |
| a letter from the office of the Governor of Montana indicating that                      |             |
| who is now running an auto repair shop in Montana, is having trouble getting             |             |
| employment. He says he was 'laid off' by the Agency. The Gover                           | rnor's 25X1 |
| office would like to have a letter from the Agency indicating that                       |             |
| service with the Agency was satisfactory. I told Mr. Hart I thought such                 |             |
| a statement could be given the Senator, and I would look into it.                        |             |
|  |             |
| 3. <u>GLC) Hand carried to the Joint Committee on</u>                                    | . Atomic    |
| Energy the latest dated 23 June 1970.  |             |
